## 2021 Annual Report

Kosciusko County  
**COMMUNITY  
FOUNDATION**

*Where Donor Dreams Shine.*

# Letter from the President

Dear Friends,

“Us in Motion” is the theme of this year’s annual report and speaks to how the Community Foundation, with the help of our donors, volunteers, and nonprofit partners is helping residents in our community keep moving forward. Whether it was Covid-19 grant relief for nonprofits and the people they serve, helping coordinate a county-wide planning effort, or initiatives to expand access to child care and housing, your support made Kosciusko County stronger this year.

I hope you’ll enjoy the stories within this report that highlight how your support is making a difference – and helping us all to keep moving forward.

A handwritten signature in blue ink that reads "Kevin Deardorff".

Kevin Deardorff  
Board President

## FORWARD Kosciusko

FORWARD Kosciusko is a unique, countywide, collaborative effort to develop a bold and innovative plan for the shared success of Kosciusko County. The effort will replace the County's last comprehensive plan, which was adopted in 1996.

A comprehensive plan is a guidance document for future growth and development that typically focuses on the next 10 to 20 years. It serves as a roadmap for effective decision making in both private development projects and community initiatives for the public good. Key components of a comprehensive plan include current conditions, a vision for the future, and recommendations on how to achieve the vision and goals.

Throughout 2020, residents and community leaders provided input through surveys, community meetings held throughout the county, and online engagement through the FORWARD Kosciusko website.

Kosciusko County and each participating town within the county will have the opportunity to adopt a unified plan in early 2022.

Having a plan helps communities be ready to implement necessary community projects and to seek available local, state and federal grant dollars to help those projects be realized. FORWARD Kosciusko is an investment in our future!

Funding for this effort was secured by Kosciusko County Community Foundation from Lilly Endowment Inc.'s GIFT VII Implementation Grant, K21 Health Foundation, and the Kosciusko County government.

*Mentone Town Council President, Jill Gross; Mentone Town Council member, Tim Croy; and Community Foundation CEO, Stephanie Overbey, have been actively involved in the comprehensive planning process and look forward to helping towns like Mentone grow and thrive.*

## Camp Alexander Mack

**A**fter decades of hosting annual faith-based summer camps and retreats, the staff at Camp Alexander Mack in Milford knew they were going to have to get creative in 2020. As the unprecedented events of the pandemic unfolded, they knew it would be a year unlike any other.

Camp Alexander Mack was set up on the shores of Waubee Lake in 1925 by the Church of the Brethren as a conference retreat. Over the years the camp has grown in both size and scope and today 'Camp Mack' is most well known for their children's week-long summer camps. They also host family camps and run a number of spiritual retreats throughout the year.

In addition to running their own programs, Camp Mack rents out its serene 204-acre property to private groups and churches, who run their own camps and retreats. Christian groups and organizations such as 4-H, Indiana Association of the Deaf and Camp Del-Ja-Ri, for children with rheumatic disease, are some of the regular visitors each year.

When they had to make the difficult decision to cancel all camps for 2020, Executive Director Dr. Gene Hollenberg and his staff worked to fulfill Camp Mack's mission in other ways. Partnering with Fellowship Missions of Warsaw, the camp provided shelter to the homeless and quarantine respite for six weeks in 2020. Staff also kept busy by preparing more than 1,200 'take-away' meals for members of the local community during the pandemic.

Dr. Hollenberg also used the available down time to oversee some planned upgrades to the facilities, using funds from an existing Capital Campaign. These upgrades included a new ropes course, a peace garden, new restrooms, and upgrades to almost all of the cabins. "We even installed additional solar arrays, so now the camp is fully solar powered," he said.

Camp Mack Development Director Todd Eastis said that funding from donors and grants, such as the Covid-19 Recovery Grant from the Community Foundation, meant that all 13 permanent staff members were able to keep their jobs during the pandemic. Back on track in 2021, Camp Mack is once again sharing its mission within our community.

## Whitko's newest addition

**T**his is Officer Tim Clark's fourth year working with Whitko School District as their School Resource Officer, but it's his first working with his best friend by his side.

Officer Clark began researching the benefits of K9s in a school setting during his first year on the job, after witnessing the positive impact that animals, and dogs in particular, could have on some of the schools' most difficult to reach students.

After two years of planning and fundraising, Whitko's friendly new poodle, Jake, is now a full-time fixture at the schools. Jake was trained by Top Notch Service Dogs and Training in Elkhart. Officer Clark brought him home in May, 2021.

Officer Clark and Jake split their time between Whitko Junior/Senior High School, South Whitley Elementary, and Pierceton Elementary, as well as Whitko Career Academy and Little Cats Daycare. When he's not at work, Jake is undergoing his police training with Allen County Sheriff's Office K9 unit. Part of this training includes drug detection and missing persons tracking.

Officer Clark says that while all kids seem to love Jake, he has been especially helpful in assisting children with greater emotional needs and those with behavioral issues. "These children just light up when they see Jake," says Officer Clark. "He can calm stressful situations and really helps some children to open up."

*First grade students at Pierceton Elementary School love visits from Jake.*

When choosing a breed for his new four-legged partner, Officer Clark decided on a poodle because they are both hypo-allergenic and have a relatively docile appearance. It was important to everyone involved that the new K9 did not make children feel uncomfortable or nervous.

And ensuring that the children were comfortable around Jake has the added benefit of making them more comfortable around Officer Clark too. Part of Jake's role is to help Officer Clark build trusting relationships with students so they will feel comfortable going to him for help if they should ever need it. "It's so important that the kids see the police in a positive light and Jake helps with that," says Officer Clark.

Jake's adoption and training were funded, in part, by a KREMC Operation Round Up Fund Grant and a Community Funds Grant.

## Fellowship Missions Addiction Recovery Hub

**A**fter more than a decade serving the homeless of Kosciusko County, Fellowship Missions in Warsaw has opened up their arms even further - with the addition of community-wide addiction support services. Fellowship Missions was established by Eric and Tammy Lane in 2010 with a simple mission: to help those in our community who become homeless. Their 46-bed building on Winona Avenue now offers emergency shelter to individuals and families, while their longer-term 'Catalyst' program teaches life skills to residents who are transitioning out of homelessness.

With the closing of A Bridge to Hope, a local addiction services provider and close ally of Fellowship Missions, Lane and his team knew they needed to expand their services to address this need. "With up to 80% of our residents affected by addiction, we knew the Addiction Recovery Hub would be a good fit for us," he said.

One of the most impactful services that the Addiction Recovery Hub provides, according to Lane, is Recovery Mentoring, which takes a faith-based approach to helping Fellowship Missions residents and others who struggle with addiction take the steps needed to move forward with their lives. A testament to the Hub's success, the first Fellowship Missions residents to participate in Recovery Mentoring are now living healthy independent lives in our community. (Read about Kathy's journey opposite)

The Hub, which is directed by certified recovery counselor Ann Hasey, also has a hotline which provides emergency and non-emergency support to individuals and their families suffering with addiction.

"Our goal is to give our residents the best service we can for them to be able to move forward in their lives," said Lane. And with the Addiction Recovery Hub available to all members of our community, Fellowship Missions is even better equipped to fulfill their mission.

Fellowship Missions received a \$20,000 Community Funds Grant for the development of the Addiction Recovery Hub.

# Kathy's Journey

“When I think about how my addiction began, I think about the traumas I went through in my life. I was physically, mentally, and sexually abused throughout my life. By the time I was 16 years old, I smoked pot, drank, and did acid because I just didn't want to feel anything.

I left home at 16 and moved to Arizona. Drugs were always a part of my life. I was hanging around with the wrong people and eventually began getting in trouble with the police.

My turning point came when I came back to Indiana and reconnected with my family. Unfortunately, I relapsed again and let my family down. I was kicked out of my mother's house with nowhere to go. I totaled my car and had nothing. I hit rock bottom.

I ended up in jail and when I was eventually released, I still had nowhere to live. So I signed up for drug court, hoping it was a way to get healthy after 42 years of using. This is when God led me to Fellowship Missions.

In the beginning of my recovery journey I was very depressed and kept to myself. But in spring of 2020, things started to change for me. Because of the COVID 19 restrictions and lockdowns, we were able to move from the shelter to Camp Crosley! It was a welcome change that allowed so many of us to refocus and regroup.

While at camp, I attended classes with teachers from Fellowship Missions four times a week. I really loved the 'Safe People' class. I had only known "unsafe" people and I carried so much guilt and shame with me from my past because of that. I started to realize why I became an addict and that I had never learned what healthy boundaries were. I became such a people pleaser that I never considered saying no, or knew it was ok to say no.

Every one of these classes helped me look at my past with new eyes and become aware of the potential trouble spots. The staff and volunteers at Fellowship Missions are loving and caring people. I have so much respect for them and will forever love them for helping me change my life. ”

*Kathy Buckheit, left, is living life to the fullest since she began her recovery journey in 2019. Kathy's Recovery Mentor Ronna Fruth has helped her navigate her recovery and the two have become close friends.*

## Housing for Hope

**H**ousing for Hope, formerly Housing Opportunities of Warsaw, was established to help local, low-income homeowners with essential emergency repairs such as furnace replacement, roof damage, and plumbing or electrical issues.

A Community Funds Grant of \$15,000 helped to bolster a revolving loan fund for the organization's Emergency Home Repair Program in 2021. To qualify, applicants must own their residence and their income must be below 80% of the median income for the county.

Executive Director Alaister McFarren, who has been with the organization for three years, says he and his team are currently able to help around 10-20 families per year. He says the need for their services is much greater, but due to funding they are limited in the number of repairs they can take on.

Housing for Hope funds home repairs in the form of a partially repayable loan to the homeowner, and the cost of repairs is paid directly to the contractor who carries out the work. Warsaw homeowner Melody Lucht is a long-time friend of the program and has received assistance over the years to repair her furnace, air conditioner, and roof.

One of the biggest issues for most clients, including Melody, are medical bills, which can bring enormous financial pressure. Depreciation in the mobile home market is also a difficult issue for many owners.

Until recently, the organization partnered with Warsaw Housing Authority. They have recently repositioned in order to help more families secure safe and stable housing. As part of this transition, they will soon offer a Home Ownership Counseling program to help low-income individuals and families navigate the process of buying a home and assist in securing down payment assistance.

*The Watershed Foundation and North Webster Public Library hosted the Smithsonian Water|Ways exhibit this summer as a part of Museum on Main Street, a collaboration between the Smithsonian Institution and the Indiana Humanities Council to bring world-class exhibits to small towns. During the exhibit's six week run, more than 1,600 visitors came to learn more about the impact of water on their lives. The Watershed Foundation also presented a local exhibit "Land of Lakes." Funded in part by the Community Foundation, the local exhibit will also visit Syracuse and Warsaw libraries this year. Pictured at the exhibit are former TWF board member Joe Tynan and current TWF president Greg Hall.*

# Energizing Us

## KEYS Education Grants

**“D**uring the pandemic it became even more important that we kept the children as active as possible at school, and the best way to do this is by making PE fun!” says Syracuse Elementary Physical Education teacher Kim Jones. “We were so limited by the fact we couldn’t take field trips, so providing new experiences in school became our focus.”

Syracuse Elementary is a large school with more than 260 kids participating in PE classes each day. Coach Jones and fellow PE teacher, Taylor Burkhart, love that their school corporation places such importance on physical education. However, they say the funding isn’t always available for new and engaging equipment.

Through a KEYS education grant, Jones and Burkhart were able to purchase new play parachutes, a 9-hole putting green kit, yoga mats, and a tactile balance beam for their gym. “By keeping the lessons fun we are keeping the kids active, and helping them learn the importance of physical health,” says Jones.

Syracuse Elementary was awarded three education grants through KEYS this year. In addition to the new PE equipment, the school purchased a new *Hot Wheels Speedometry* kit that will be used in second grade classrooms. The kit provides math and science lesson plans based on fun activities using the cars, tracks, and ramps.

And fourth graders at Syracuse are learning about electrical circuits through hands-on experience, thanks in part to new Snap circuits and batteries for fourth grade classes. Through creativity, imagination, and a little support from their community, teachers at Syracuse are inspiring and energizing the next generation.

*First graders at Syracuse Elementary let loose during a fun PE lesson.*

*The Castaldi Family Memorial Fund, a component fund of the Community Foundation, awarded a grant to the City of Warsaw for a sculptural installation at the newly completed Buffalo Street Plaza, an extension of Center Lake beach. The colorful glass and steel sculpture was created for the city by New York based artist Osman Akan. The Arts Commission advised the city on the selection of the artwork. Mr. Akan was asked to consider a tribute to the orthopedic industry in his design. The artist and two assistants installed the artwork in April 2021, and it has been delighting visitors ever since. # The Neal & Joy Carlson Legacy Society

The Neal & Joy Carlson Legacy Society is named for our first Executive Director, the late Neal Carlson, and his wife, Joy. The Carlsons committed many years of service to our community and they have generously established several endowments at the Community Foundation, the impact of which will be felt forever.

The Legacy Society recognizes those who have left a gift to the Community Foundation as part of their estate planning. We consider it a great privilege and responsibility to honor the legacies of the donors who have entrusted a gift in their will to us.
